Rural Mail Box Improvement Program Stated May 15-20

The annual rural mail box improvement program - to assist the Postal Service in providing more efficient deliveries and to stimulate efforts to improve the appearance of the countryside - will be held May 15 to 20, the Post Office Department announced today.

The program is to encourage patron to provide suitable mail receptacles erected and maintained for easy and safe accessibility, presenting a neat appearance, and affording protection to the mail.

The Post Office Department listed these suggestions for rural mail box improvement:

Boxes that are not properly erected, or not maintained, in good serviceable condition retard the delivery of mail and expose it to the weather.

Boxes that are no longer serviceable should be replaced.

Name of box owner should be inscribed on the side of the box visible to the carrier as he approaches, or on the door if the boxes are grouped.

Boxes and supports should be kept painted preferably white, but other colors may be used.

Mail boxes on rural and star route must be located on the right side of the road in the direction of travel of the carrier.

At all cases where traffic conditions are such that it would be dangerous for the carrier to drive to the left in order to serve the boxes, or where their doing so would constitute a violation of state or local traffic laws and regulations, the approaches to the boxes should be filled and properly graded and constructed at all.

The body of William D. Newman, 53, a well-known Gulfport dairy operator, was found about 12:40 p.m. Wednesday in his automobile, parked in a roadside park alongside U.S. Highway 90 between Bay St. Louis and Pearlport.

Hancock County Coroner Emile Piazza said an inquest jury empaneled at the scene returned a verdict stating death was caused by "self-inflicted gunshot wounds."

Mr. Newman was co-owner and operator with James C. Cobb of the Newman-Cobb Dairy Products firm located north of Gulfport.

Coroner Piazza said the body was discovered by Nolan Ladner, a state game warden. Ladner notified Piazza and Constable Harlan J. Dean of nearby Pearlport.

The time of death was established as between 12 noon and 12:30 p.m. Wednesday, Piazza said.

Piazza said the body was found in a sitting position in the driver's seat of Newman's 1961 Buick automobile. Apparently one shot had been fired from a snub-nosed .38 caliber revolver found still clutched in Newman's right hand, Piazza said.

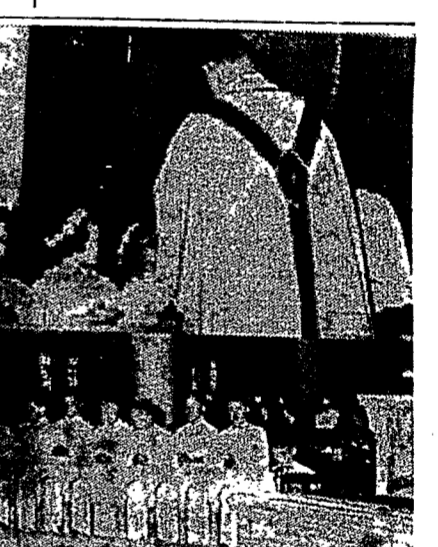

Piazza said all door in the four-door sedan were locked except the door next to the driver's seat. He said there was no evidence of foul play.

Hancock Sheriff Gerald Price, Jr., who joined in an investigation, said today a billfold found in the body contained \$212 and had not been disturbed.

Price said the automobile was pointed east, parked in the roadside park on the south side of the highway.

He said he understood Mr. Newman had been to New Orleans early Wednesday to confer with officials of a chain grocery store about a milk contract and apparently was returning to Gulfport when he stopped at the roadside park.

Members of the Hancock County inquest jury were Prentiss Lott, H. G. Davis, Sr., J. C. Schubert, Lester Hoyer, Nolan Ladner, Elliott Cazanova, and John Damborino. Constable Dean served as bailiff.

FINAL MESSAGE BEFORE THE PRIMARY ELECTION IN BEHALF OF THE CANDIDACY OF Russell J. Elliott For Mayor Young-Capable-Energetic-Ambitious

DEAR FRIENDS:

In this last issue of the papers prior to the election, Tuesday May 9th, I wish to thank the citizens of our City for the wonderful reception given me during my campaign and the overwhelming pledges for support I received, that I know will be fulfilled by you, the honest people of our community. For this I will be forever grateful and I, in turn, also will fulfill all my pledges made during this campaign.

Being a young family man, in defense of my reputation, I wish at this time once again to refer to the editorial I published in the last weeks papers, where I have expressed publicly my criticism and views of the incumbent's terms as Mayor in my desire to carry on an honorable and gentlemanly campaign. I have stated facts and did not resort to underhanded, vicious hypocritical and slanderous rumors about my opponent, his family or his supporters. I feel my arrogant opponent in failing to deny his ungentleman-like campaign, automatically admitted having made these erroneous accusations about me and my family. I am sorry that he felt it necessary to resort to these tactics and fear of losing the election.

I trust I have convinced you that I have the energy, dignity, capability and determination to perform my many new ideas for the promotion and betterment of our City, such as previously published:

- Promote Industry
- Through Natural Resources Promote Payrolls
- Make Hospital Approach Accessible at all Times
- Paid Vacations for City Employees No Graft or Kick-Backs
- Disburse City Money with Local Merchants
- No Forced Issues
- Request The Voice of all Citizens in Our City
- Transportation and Bus Stop Centers For School Children
- Revise Police Department
- Adequate Water System
- Equalize and Reduce Taxes
- Courteous and Friendly City Service at all Times
- Surface and Partial Sub-surface Drainage
- Maintain Dignity at all Times

Immediate and Continuous Repairing and Paving of all City Streets

These are bonded pledges that I will definitely carry out and I will cooperate with the City Council as an asset instead of a liability.

I humbly request the support and vote of all people. I will not disappoint

I will be an administrative aggressive Mayor and will expend every effort in the promotion and progress of the City of Bay St. Louis.

Sincerely Your Friend
RUSSELL J. ELLIOTT

EXECUTIVE GROUP FROM ALABAMA VIEW THIS AREA

A group of western and mid-western investment executives arrived in Gulfport Friday on their tour by chartered plane of the four-state area served by the Southern system. A. J. Watson, Jr., president, and other Mississippi Power Company representatives, accompanied them from Birmingham.

Included in the group were officers of bank and insurance companies, security dealers, investment advisory services, state employee retirement fund and other financial interests.

The flight from Birmingham was planned to afford the visitors an opportunity to view Mississippi Power Company's service area from Meridian south to the Gulf Coast, including Laurel, Hattiesburg and other communities along the route.

The group was met at the airport and taken to a luncheon where they had the opportunity to meet representative of business and financial interests along the Gulf Coast.

A. J. Watson, Jr., presided at the luncheon and introduced Lt. Governor Paul B. Johnson. Lt. Governor Johnson welcomed the guests to Mississippi and discussed the economic advantages to be found in the state. He told the group of the state's interest in providing a favorable "business climate" and what has been done officially to further this objective.

In addressing the group, Watson reviewed briefly the history of Mississippi, its culture and its people. He discussed, in some detail, the economy of the state, and particular the area served by his company, pointing out industrial development and economic progress in specific communities throughout southeast Mississippi.

The diversification of both agriculture and industry was noted and major gains were cited in such specific farm products as poultry, and beef and dairy cattle. Many nationally known industrial concerns now have plants in this area producing a wide range of products from electric water heaters to ladies' hosiery and from precision optical equipment to nuclear submarines.

Referring to natural resources, Watson told the group that Mississippi is now ninth in oil production and seventh in the production of natural gas. Known reserves of oil in the state today are in excess of 443 million barrels. Much land is now devoted to timber as a crop, and the ideal climatic conditions result in rapid forest growth. Sawmills, wood-treating plants, furniture factories, paper manufacturers, and pressed-board plants provide local markets for the timber. Another natural resource, seafood, is also of vital importance to our economy.

Local Piano Students Pass Tests At Playing Auditions in Gulfport

Piano pupils of St. Joseph Academy and Our Lady of the Gulf School who played in the Gulfport division of the National Piano Playing Auditions recently passed their tests with flying colors according to an announcement by Sister Augustine, local piano guild teacher.

Participants were required to play all selections from memory and to pass a test on scales and cadences. Rhythm, accuracy, technique and tone quality were among the 32 points considered in rating each performer's work. Ratings this year were given by Guild examiner Albert Wasmus of Tyler, Texas.

A state certificate and silver pin were merited by Connie Allison for nine unit of memorized work. Priscilla Orr won a district certificate and bronze pin for her performance of five selections.

Local certificates and bronze pins were received by Cheryl Arceneaux, Lisa Cohen, Eunice Dederich, Patricia Fanning, M. Alice Jefferson, Gail Koch, Linda Koch, Karen Lohrman, Jo Ann Marsalone, Laura F. McCants, Marie Morales, Isabella Osborne, Noel Phillips and Carol Schmidt for playing two or three pieces. A pledge certificate went to Rosemary Rievore for one memorized number.

Prospective Wheat Production

Wheat production in Mississippi on April 1 is forecast at 1,178,000 bushels produced in 1960, and compares with the average production of 971,000 bushels for the 1950-59 period. The crop is reported to be mostly in good condition and generally showed improvement from week to week during March with warmer temperatures prevailing in most areas.

Cattle In State

The latest summary gives Mississippi second place among Southeastern states in total number of cattle. Figures show Kentucky leading with 2,115,000 head, and Mississippi is just behind this state with 2,107,000 head of cattle. Along with quantity, the quality of Mississippi cattle and calves has gained steadily.

When someone says, "Your Johnny's just like you," is it a compliment, or is it an accusation? Whether you like it or not, children do follow in their parents' footsteps.

Johnny learns that kindness and courtesy are virtues, because you are kind and courteous. He learns to love good books and music, because you love them. He learns, through your example, to speak truthfully.

And if going to church and church school regularly is also a part of your usual routine, Johnny will develop that habit just as he has these others.

Then it is a compliment when someone says, "Your Johnny's just like you," for you are doing all within your power to lead him in the right direction.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Guido-Lytell Wedding

Miss Elaine Lorine Lytell, daughter of Mr. and Mrs. Herbert Lytell of Waveland, became the bride of Mr. Edouardo Carlos Guido, son of Mr. and Mrs. Carlos Guido of New Orleans, Sunday afternoon at 3:30 o'clock at St. Clare's Catholic Church.

Rev. M. J. Costello performed the double ring ceremony before an altar trimmed with arrangements of white gladioli.

Mrs. Terry Asher organist, played a program of nuptial music during the ceremony. Given in marriage by her father, the bride wore a white gown of tulle and lace with a full skirt. The long sleeves ended in points over the hands.

Her finger-tip veil of illusion fell from a tiara of seed pearls and sequins, and she carried a cascade bouquet of white gladioli centered with an orchid.

The groom's sister, Miss Susan Guido, maid of honor, wore a pale blue silk organza dress, fashioned with a full street length skirt, fitted bodice with V-neckline and short sleeves. She wore a spray of pale pink carnation on her hair and carried a bouquet of the same flowers.

Mr. Kenneth Fayard, cousin of the bride, was best man.

A reception followed at the home of Mr. and Mrs. Edward Fayard. White spring blossoms and greenery decorated the reception room; and the bride's table, covered with a white linen cloth, held a three-tiered wedding cake encircled with fern and white flowers, trays of petit four and mints.

After the bride and groom cut the first slice of cake it was cut by Mrs. James Hall of Biloxi, aunt of the bride.

Mrs. Lytell received their guests wearing a light blue dress, white accessories and a corsage of white blossoms.

The mother of the groom chose a two piece blue suit, white accessories and a white gladioli corsage.

For traveling the bride wore a beige suit matching accessories and an orchid corsage.

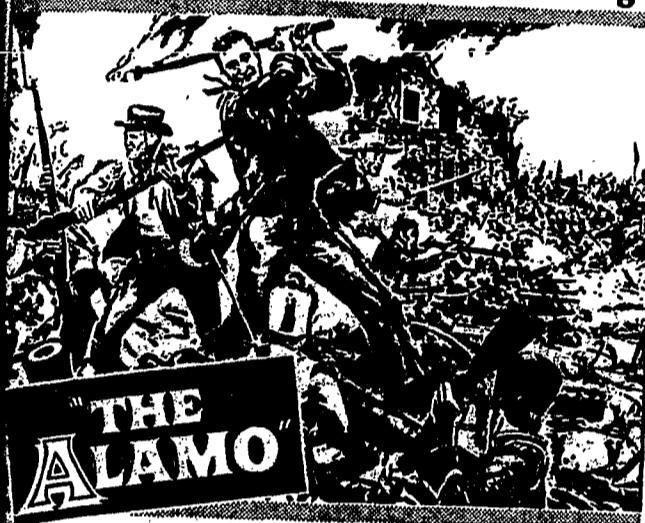

Upon their return from a wedding trip, Mr. and Mrs. Guido will make their home in Waveland.

The bride graduated from Nichols High School in New Orleans, and the groom is presently stationed at Keesler Air Base in Biloxi.

For Mayor

aggressiveness and determination to achieve of a new leader as Mayor very definitely displayed by aspirant Russell Elliott in his straight-forward answers to questions at the Jaycee's rally Monday night.

issues where the present Mayor said it couldn't be done, or showed his regard by evasive statements, Elliott stated it could be done and explained how it could.

issue discussed was "Industry." Whereas the Mayor stated he would include promised industry in his election pledges as he felt the City was ready for same and that he had no planned action in that behalf for the future, Elliott stated plans of action that would afford payrolls in the future. The incumbent also remarked that to his knowledge two main issues in the way of industry, "Water shortage and sewerage" but gave no relief of an adequate water system, other than through "Metered water" and that he held no expectation of a sewerage system for years to come.

incumbent also showed that although the City has a low bond indebtedness, it is difficult for even him to show what progress has been made due to low indebtedness.

though the Mayor claimed that his City police force was adequate in size, it was clearly shown that some of his City police were not physically fit because of age to properly protect the people of Bay St. Louis.

Mayor also expressed his regret for the high insurance rates due to inadequate water system.

listening to the open forum of the three aspirants to the Mayor's office, the forthcoming election, we are thoroughly convinced that Russell Elliott has dignity, qualification, foresightedness and ability to make Bay St. the best Mayor.

our impression that the incumbent took a very defeatist attitude on issues, using the terms "I can't" or "It can't be done" repeatedly, whereas Elliott only stated it could be done but very plausibly explained how various improvements could be accomplished.

Wayne's 'Alamo' To Show Locally

Direct from its record breaking "road" show, engagements, John Wayne's mammoth production of "The Alamo" open Thursday at the Star Theatre, through United Artists release. John Wayne's Technicolor tribute to a proud and powerful chapter in American history will be shown exactly as on Broadway.

The immortal story of the fight for Texas independence was filmed entirely in Texas; only a few miles from where The Alamo today is a national shrine. It was at this famous mission-fortress that the exciting careers and quicksilver personalities of three of America's most colorful heroes were combined, and where they ended in glory. Richard Widmark plays the fiery Colonel Jim Bowie and Laurence Harvey is Colonel William Barret Travis, the intrepid commander of the 180 brave men who gave their lives for the cause of freedom everywhere. It seems incredible that less than 185 volunteers in a crumbling mission would even consider standing against 7,000 battle-hardened professional soldiers, and yet it is an absolute recorded fact.

Is "Fip" Johnson Qualified To Serve As Mayor Of Bay St. Louis?

As Mayor of this community, one of the Mayor's duties is the maintenance of streets. "Fip" Johnson is qualified by training and experience to supervise the maintenance of the streets within the community. He has had ten years of road construction experience on roads throughout the State of Mississippi.

As Tax Collector of Hancock County during the years 1948-1952, "Fip" Johnson handled hundreds of thousands of dollars of taxpayers' money each year. This money was properly accounted for by the Auditing Department of the State of Mississippi.

As Sheriff, "Fip" Johnson was conscientious and diligent in the discharge of his duties as law enforcement officer. As evidence of this statement here is an open letter to the Times-Picayune and is presented for your consideration:

A Mississippi Sheriff Praised

Columbus, Ga.

Editor, The Times-Picayune:

The writer recently had the misfortune of losing a nephew, George Dole, Jr., in an airplane accident near Bay St. Louis Miss., (the Roy Martin plane). After days of searching, his body was located through the untiring efforts of Sheriff D. B. Johnson of Bay St. Louis.

The purpose of this letter is to express our thanks and gratitude, as well as to inform the community which Sheriff Johnson serves, of the splendid efforts and efficiency in which this search was carried out.

Our brother, Ira B. Calhoun, of Lafayette, La., was in Bay St. Louis with Sheriff Johnson for a time making this search, and he has advised us that Sheriff Johnson's efforts were untiring, efficient and inexhaustible and any praises made should be his.

We therefore will thank you to make some special comment in your paper in order that the people whom he serves might know how people in other states feel about their law enforcement officers, and to publicly express our thanks for his consideration in our anxious days.

C. O. CALHOUN

"Fip" Johnson will certainly appreciate your vote. He will make an honest effort to make a progressive and conscientious Mayor.

Signed: B. D. "FIP" JOHNSON
